

Why can't I edit my pivot tables? None of my pivot tables have a Pivot Table Field List or an Areas Section.

Probably all you have to do to see the Pivot Table Field List and the Areas Section is to *click on any cell in the table*. Doing so will cause blue lines to outline the pivot table and the Pivot Table Field List and the Areas Section to appear.

If you click on the table and see the blue lines, but still no field list, then click on any cell in the table, click on the 'Options' tab from the ribbon at the top of your screen and then select 'Field List.'
