

**When I click on my pivot table, there are *no* blue lines outline the table.
What should I do?**

When you click on your pivot table, blue lines should appear:

Blue lines indicate pivot table is still functioning. If no blue lines appear after clicking on the table, you will have to contact the GBVIMS Global Team to get the problem resolved.

Count of INCIDENT ID	SEX		
GBV TYPE	F	M	Grand Total
Denial of Resources Opportunities or Services		1	1
Forced Marriage		1	1
Physical Assault	2		2
Psychological / Emotional Abuse	1		1
Rape	3	1	4
Sexual Assault	3	1	4
Grand Total	9	4	13

If no blue lines appear then the pivot table has been corrupted and is no longer functioning. You will have to contact the GBVIMS Steering Committee at GBVIMS@gmail.com or by going to the website at <http://gbvims.org/contact/>. If there are blue lines, then the table is still functioning and you should try selecting 'Show Field List' again.
